Weekend Reflections

Due to the diverse ways people in your small group may have participated in Easter Weekend (e.g. one of the worship gatherings at Grace, a family gathering, or a worship gathering while traveling), feel free to engage all the participants to share broadly about their experience. Here are some discussions starters that may help get the ball rolling...

- In what ways did you celebrate Easter this weekend?
- Was there a particular highlight from this weekend that stands out to you?
- How did this past weekend draw you closer to Jesus or understand something about Jesus in a meaningful way?
- Was there a particular insight/experience that you are carrying forward?
